Coordinators,

Please find your updated (projects only) metrics workbooks uploaded on TeamWork. Under the "Files" menu, there is a category called "Metrics for Funding Review." Under that folder is a folder for each of you with your metrics workbooks. As Kevin described during staff meeting on Monday, please review them in reference to priority projects for funding using the "All Projects" sheet.

We are still in the verification process, so the credit numbers are not yet final. Please do not use any of the charts, graphs or summary information in the other sheets as some numbers may still change. For project prioritization, this is the most up-to-date information.

My thanks to Tina and Chris for doing most of the work to get these done!

Thanks and have a good weekend,

Tiffany
