---

Yes that is correct, there was no DUPE sample dropped off at Pace.

Thank you for clarifying.

Hello,

On this event, RQ-2018-11-26-06, I just want to confirm that there wasn't a DUP for G4SE0049 dropped off to Pace. The bottle group with an E. coli for Pace was given on the CoC dropped off in Tallahassee but there wasn't a DUP sample dropped off according to the Pace chain of custody.

Thanks,

Kara
