Yes the DEP chain of custody had it but the overflow chain of custody did not and I wanted to double check with you before reaching out to Benchmark. I have attached the report and chain of custody that was sent to Overflow.

Thanks,
Anthony

Hi Anthony,

Yes, the field blank from TrailerParkCanal@Mouth should have been on the chain of custody, I must have forgotten to add it! My apologies, I hope it didn't cause too much confusion. I have attached the report and chain of custody that was sent to Overflow.

Please let me know if you need any other information.

Hello Miranda,

For RQ-2019-10-07-75 there doesn't appear to be a field blank sample on either the report and chain of custody, but it looks like receiving received and logged FB_10092019 from TrailerParkCanal@Mouth. Would you be able to verify if this field blank should be in the report and chain of custody? Let me know if you have any questions.

Thanks,
Anthony
