She was actively running this test for other clients when sample was received. Receiving brought right back to her bench while she was running still and she ran right away on that run since she was performing test at that exact time. So yes. Thanks!

Katie Strothman
Laboratory Director/ QCM
Sanders Laboratories, Inc.
10090 Bavaria Rd
Ft Myers, FL 33913

Friday: 8:30 am - 1:00 pm
Saturday / Sunday: By appointment only
Closed Holidays

COVID-19 update: In order to do our part to reduce the spread we will have Bay/Suite 2 open and main office will be closed. Please leave your samples in the black fridge and COC in the bin on the cart. Make a copy of the COC for your records at your facility, get copies from client portal, or take picture with your phone we will not be making on site until the CDC space guidelines are removed. Call 239-590-0337 if you need one of our team to assist you with a mask. Call kit pickups in ahead and we will put your bottles in Bay 2 on the cart. Staff will remain at least 6 feet apart at all times in order to do our part to reduce the spread and protect you and your staff. Thank you for helping us meet CDC guidelines. As always our hearts with all of you.

Sanders will always match or beat any quoted price.

Hi Katie,

The incubation start time is now only 1 minute after the time the sample was received. It seems a little unrealistic but I guess it is technically not impossible. Is that what happened here?
