Hey Anthony

Sorry about that it must have been a miscommunication between the person writing on the bottle and filling out the field sheets but the time should be 10:50.

Thank you

Subject: Sampling Time Confirmation

Good Afternoon Gary,

I was wondering if you would be able to confirm the sampling time for G3SD066 Dup for RQ-2020-01-20-36. The chain of custody has the sampling time as 10:50 but on the report sent to Receiving it has the sampling time as 10:47. I have attached the report sent to Receiving that also contains the chain of custody. Let me know if you have any questions.

Thanks,
Anthony
