Document Information: Provide supporting documents indicated as "Yes" above including this form via email to Tanknotify@floridadep.gov, or documents can be sent to FDEP, Division of Waste Management, 2600 Blair Stone Road, MS 4560, Tallahassee, FL 32399.

Write a brief description of equipment installation and performance in the U.S.:

The 1618 & 1619 gauge displays the liquid level rading at eye level. The gauge display is installed using vertically mounte pipe from the base of the tank to the to tank top where two puley housigs faciltate the movement of the gauge wire connecting the float to the gague. High level set points are integrated into the gauge head to activate a simple switch powered by a lighium battery. When the switch is activated the alarm is activated.

Equipment Registration Certification:

To the best of my knowledge and belief, all information submitted on this form is true, accurate and complete.
