Done.

Because of the way it was logged in, it changed the collection time for the whole site not just the overflow. Let me know if that's not what you wanted.

Hey Josh,

Can you change the sampling time for the site referenced below? There was a discrepancy between COCs but sampler confirmed it should have been 1045.

Thanks!

Kara

Hello,

There is a teeny tiny discrepancy between the chain of custody dropped off to UWF and the one

sent with the rest of the samples to Tallahassee for event NW-DIST-2019-05-07-01. Was site G3NW0127 sampled at 10:46 or 10:45? I'll attach both COCs.

Thanks!

Kara
