Kara,

3/26/19 04:55

The report was corrected to include this - it is the same as the "Analysis Date and Time".

Sorry for the confusion.

Just want to make sure you received my previous email about still needing the times the samples went INTO the incubator.

Thank you!

Kara

Hello,

The original report had the read times for the samples came **out** of the incubator. I need the date/time the samples went **into** the incubator. They are normally not in the report, just in the EDD. You can just respond to this email with the information if you'd like.

Thank you,

Kara

Hi June,

Just want to make sure the email below got to you. It's the last information I need to upload the March data.

Thank you!

Kara

Hi again June,

Also, on this report (395722), the EDD didn't include the date/time the samples went into the incubator. You can just email the information and I can make the change to the EDD if you'd like.

Thanks, Kara
