Hi Anthony,

I do apologize for not seeing this sooner. The correct times are as follows: G5NE0004 at 11:10 and G5NE0589 11:25. Again, sorry the inconvenience.

Thank you,
Kim

Subject: Sampling Time Confirmation

Hello Kimberly,

Can you confirm the sampling times for samples G5NE0004 and G5NE0589 for RQ-2020-02-17-17? On the report sent to Receiving it has both samples being sampled at 11:25 but on the chain of custody it has G5NE0589 sampled at 11:25 and G5NE0004 at 11:10. If you could confirm which is the correct sampling time that would be great. I have attached the Receiving report which contains the chain of custody.

Thanks,
Anthony
