Cindy, Bill,

I think we are all in our offices on Oct 8 and it may be better to discuss the Everglades S issue then, as I need time to figure out what FDEP will approve me writing

If so, does 11am Oct 8 work?

This below from my Director; a VERY different message than that from a year ago…. I much prefer this!

Don,
I've been reviewing accomplishments of the division and recognize the work you've done on drafting the mercury/sulfur chapter of the South Florida Report. I wanted to meet briefly with you to personally thank you for that work. Would you please stop by my office this week. This won't take more than 5 minutes. Thanks.
