==========

Good morning, all.

I have the results of the loading estimates (for TN and TP) from the areas in the mainstem and Upper St. Johns. Ben helped me by putting together the assessment and land use information for these WBIDs. We will sending all this to you before we talk tomorrow). I wanted us to chat about what I found, so we can be ready for the Harney-Monroe meeting.

The Skype link is below. Please call in for audio.
