Don,

Your e-mail is actually quite helpful and clear, but….. in an abundance of caution, I just want to verify that F&A gave you the direction for me to sign the invoice approval forms. I ask because it makes more sense to me for the Bureau Chief of the cost center that actually pays the bills would be the one who signs, in part to ensure that the payments were tracked by the appropriate budget staff.

Daryll

Renée,

I will bring by your office two invoice packages (SP664 FWC and SP676 Smithsonian) to be reviewed and signed by Daryll and sent on to F&A.
These have been reviewed by budget people in the appropriate funding Bureaus (Eric Livingston; John Outland), initialed by Denise Miller, signed by me and Russ Frydenborg.

Please return the packages to me so I can circulate signed copies of the signed invoice approval forms, etc.

Thanks,

Don
