Don: Sorry to be slow in responding to this. Just now catching up to things that piled up in December. The 27th, is a Monday, which would necessitate us going down on a Sunday night in order to be there to start early Monday. I don't know how others feel, but I prefer to avoid that, if possible. Other dates around that time frame (e.g. 28th, 29th, 30th) are fine with me. FLN

Frank,

See Email from Cindy Gilmour.

My sense is that the week of April 27 would work best for the sulfur workshop.

Yup, we are working hard for that April 1 deadline. Dave got me a wad of METAALICUS data this week, so I am hoping for ACME data next. Bill is starting to feed me lots of data now. George I will hassle again after XMAS. He had a pulmonary embolism a month of so ago.

We should give folks time to read it before meeting, so perhaps late April for the workshop?

The weeks of April 13 and April 27 work best for me.

Cindy

Cindy,

See pp. 9 and 10 (Att. A pp. 2 and 3) in the attached contract:

Teleconference(s) with the Department to discuss and refine metadata and data
organization needs. Initial teleconference within the first month of the Contract,
other teleconferences scheduled as needed.

Quarterly progress reports

o Deliverables and due dates:

1. Detailed report, to be integrated with the ACME data report from Task 1. To include a synthesis of the literature on methylmercury production with a detailed focus on studies of the relationship between sulfate, sulfide and MeHg.

• Draft report, April 1, 2009

• Final data and literature synthesis report, June 1, 2009

2. Attendance at the Department workshop to present data and conclusions and receive comment
on the integrated data and literature synthesis report, and if necessary revise report.

• Attend Workshop, April 2009

Also
Feb/Mar. 2009 attend meeting with the Department (in) Tallahassee regarding work products

Well, will you have a draft report, April 1, 2009? (I forgot to talk to Dave K.)
When are you available in April for a sulfur workshop? Provide as many dates as possible, or tell me when you are NOT available.

Don

Subject: sulfur workshop

Frank,

We should try to schedule the second annual sulfur workshop as discussed for April 2009; I spoke to Cindy Gilmour and her calendar is starting to fill up.

Don
