Mark,

We need to ensure our 4 main speakers are available; apart from you and Bill Orem, Tom DeBusk and Cindy Gilmour.

I am in Canada June 4 and 5; June 11 and 12 would work for me.

Don/Bill

I just got word back from the Exec. office regarding the conference. Because of public perception

reasons it doesn't look like they are not going along with District employees traveling to Ft. Lauderdale.

So, are you (1) OK with postponing and (2) holding the workshop at the District?

I have identified a room at District headquarters that has the space (30+ people) and tech capacity (video conferencing should we need it). We already have confirmation that June 4 and 5 are open. Another possible set of days is June 11 and 12.

Thanks
