Don and Cindy:

A bit of a reprieve! I'd still like to get the parts you are writing by early next week if possible so I can put this all together and send it out for all to look at. I may also need to do some cutting. So don't go to heroic efforts to get it to my by today. Let me know when you think you can get it to me next week.

Thanks,

Bill

Colleagues: I have received many requests to extend the deadline. In order to complete this book on time, we need stay with one deadline. Given the circumstances we will extended the deadline to **February 28, 2009.** This will be our final extension. Please let me know if you cannot meet this deadline. If we delay these manuscripts, the information will get old and excitement will be lost. I know you all are very busy and I would appreciate if you could take some time to complete the manuscript. Thank you for your cooperation.
