Subject: RE: Draft Public Comments on Action Plan II
Date: Friday, April 03, 2009 4:47:29 PM

Happy Sunny Friday, Phil and Nancy,
The Water Quality Team does not request any changes to our chapter in the Governors' Action Plan pursuant to the public comments referenced in Nancy's email below and the follow-up summary report that was also provided for us to review. Although so many of the comments were excellent for our subject area, we feel that our Team's Action Plan that is undergoing development is already addressing a great number of them and by the time we finish our first complete plan, we should be able to address any remaining that we feel are relevant. We realize that both the "tier level" as well as the time period between the Governors' version and the Teams' Action Plans were quite different and, as such, helps to explain many of the public comments about lack of details and content.

We are grateful to have such an engaged public in the Gulf region and will rely on them to bring to us more feedback on what and how we are doing over the course of the next five years.

Thanks again for providing the public comments.

Ellen

Subject: Draft Public Comments on Action Plan II

Alliance Management Team and Coordination Team, Attached is a draft summary report of the public comment collected via the online survey that was sent out. This report contains a sample of the comments received. If you would like to view the full list of all comments you can visit the link http://www.surveymonkey.com/sr.aspx?sm=I_2bJ0UyhzofkCTbJdV8otFxptsK0eM8AxzDGFKcYOuWQ_3d.

There are both specific comments related to individual PIT chapters and general comments on the plan. As discussed on the AMT call and ACT call this week, the PITs will have the discretion whether to include specific comments into their chapters. If your team does intend to change your chapter based on these comments, please send those changes to Phil Bass and myself by April 3.

After reviewing, if the AMT has any changes based on either the specific or general comments, please let Phil and I know by the 3rd as well.

A more detailed formal report of these comments will be available in May. This version is intended for the teams and the AMT. Please let me know if you have any questions.

-Nancy
