Bill, Cindy,

I just spoke to Darren Rumbold re ideas on breaking the logjam re SO4 and the Everglades. As it stands, it seems that no matter how much research has been done, or will be done……

Darren will send us something along the lines of the paper below, and we can discuss this.

Don – I have a meeting mid day Wed, don't know the exact timing yet.
I can do early am (9 am) or late afternoon (after 3) for sure; don't know about the rest of the day.

I am free today and tomorrow –Cindy

Cindy, Bill,

I think we are all in our offices on Oct 8 and it may be better to discuss the Everglades S

issue then, as I need time to figure out what FDEP will approve me writing

If so, does 11am Oct 8 work?

PS
This below from my Director; a VERY different message than that from a year ago…. I much prefer this!

Don,
I've been reviewing accomplishments of the division and recognize the work you've done on drafting the mercury/sulfur chapter of the South Florida Report. I wanted to meet briefly with you to personally thank you for that work. Would you please stop by my office this week. This won't take more than 5 minutes. Thanks.
