Don –

Well I still have no data from Dave. On Monday he said he hoped to have it to me be yesterday… he is in DC this week, briefing Jackson and Salazar (!) on Hg in the oceans.

We will send you our current version as promised tomorrow, but I am VERY reluctant to have an incomplete DB sent out to the wider world. Give me a call when you get a chance. I'm at my desk all day – Cindy

Cindy,

How are things looking re sending me the new database and text report drafts on Friday so Mark Gabriel can distribute these to Hg and S workshop attendees (after I look them over).

I suggest re the DB that you send both Access 2003 and 2008 versions.

Don
