---

Frank, Bill, Cindy,

At our Feb 2008 South Florida Sulfur Workshop, the meeting went from

8am - 5pm on Day 1; and

8am - 1:30pm on Day 2. (See attached Agenda)

For the proposed May 6 and 7, 2009 south Florida Sulfur Workshop,

I expect as speakers:
Frank Nearhoof, Meeting Convener
Bill Orem;
Cindy Gilmour;
Dave Krabbenhoft;
George Aiken (possibly);
Tom DeBusk;
Mark Gabriel

Also possibly Ramesh Reddy,
Dan Scheidt or Pete Kalla,
Paul McCormack,
or others who wish to speak on topics we decide are relevant.

I see this meeting as focusing more on research results from work over the past year rather than the general South Florida sulfur approach we had last year.

Weigh in on that if you wish.

I assume we will have fewer talks for the 2009 meeting than for 2008, so perhaps:

10am - 5pm on Day 1; and

8am - 1:30pm on Day 2,

would work.

Please comment.

Don
