Subject:	Draft for Section 3 of Everglades Sulfur Book Chapter
Date:	Wednesday, November 26, 2008 2:31:48 PM
Attachments:	Section 3 Sources of Sulfate - Txt draft 11-26-08.doc

---

All:

Attached below is a draft of the text for section 3 of the book chapter on sulfur in the Everglades, focusing on sources of sulfur. I have not added any figures or tables yet, there are certainly a lot we could choose from. Please send me back any comments, etc. and I will try to incorporate them. This is probably one of the more controversial topical areas, so I'll be interested in all of your comments.

Thanks, and a Happy Thanksgiving to All

Bill
