Cindy,

We'll call you at 1pm.

I spoke to Charley Driscoll this morning and told him of his role at the workshop and that there were "politics" around the 'glades S issue.
I did not slam anyone, give much detail, nor try to bias him. (I told him to talk to you and Bill if he wanted more insights.)
He is trying to get text in the next 'glades NRC report on S.

I called Dave yesterday and left a Voicemail asking if I could present his ocean water column Hg methylation seminar - crediting him of course.
He might think I'm crazy.

I spoke to my boss Denise yesterday re the ACME DB issue; she's reasonable.
