Date: Tuesday, April 21, 2009 4:53:43 PM

Mark,

I'd like Cindy in particular to be granted > 20 minutes as we are using the workshop as an opportunity for comment on her work for FDEP re the ACME database and the synthesis of literature on methylmercury production as related to sulfate and sulfide.

Bill, having recently written a review of Everglades sulfur stemming from the GEER meeting may need/want somewhat more than 20 minutes as well.

Cindy, Bill, please comment re time desired for presentations. Mark, I realize we have limited time.

Don

Mark -
Please slot in the ACME crew (cc:ed above) for 4 speaking slots. We can certainly use more than 20 min each if time is available.

Sorry, I can't provide titles by tomorrow; I'll need to get with Bill, Dave and George over the next few days to parse out our talks.

Thanks - Cindy

Subject: REMINDER: Second Annual Workshop on Mercury and Sulfur in South Florida Wetlands

Dear Colleagues:

This is a reminder for attendees who will be presenting at the Second Annual Workshop on Mercury and Sulfur in South Florida Wetlands, June 11 and 12, 2009, to submit your presentation title and estimated time length to me by April 20, 2009. We encourage participants to limit presentations to 20 minutes.

Thank you,

Mark Gabriel, Ph.D.

Subject: Second Annual Workshop on Mercury and Sulfur in South Florida Wetlands

Dear Colleagues:

We would like to bring to your attention the upcoming Second Annual Workshop on Mercury and Sulfur in South Florida Wetlands, June 11 and 12, 2009. This meeting is jointly organized by the South Florida Water Management District (SFWMD), the U.S. Geological Survey (USGS) and the Florida Department of Environmental Protection (FDEP). The venue for this workshop will be at SFWMD Headquarters, 3301 Gun Club Road, West Palm Beach, FL 33406.

We are sending this message to invite your participation and contribution to this workshop. If you plan to attend, please RSVP to Mark Gabriel by April 20, 2009. See the attached agenda for details.

Please feel free to distribute this agenda to your colleagues and co-researchers who may be interested

in this topic.

Thank you for your attention and support.

Best regards.

Mark Gabriel, Ph.D.
