==========

Cindy to provide Access database and Hg and S text report for distribution to Hg and S workshop

- Task 1. Compile and synthesize field data sets from ACME intensive biogeochemical study sites 1995- 2007
- Task 2. Synthesis of available literature on sulfate and sulfide effects on MeHg production in all types of ecosystems.

  Detailed report, to be integrated with the ACME data report from Task 1. To include a synthesis of the literature on methylmercury production with a detailed focus on studies of the relationship between sulfate, sulfide and MeHg.
