Cindy and Don:

How are your sections coming along for this article (section 2 Cindy and section 6 Don). I have mostly completed sections 1,3,4,5 and am waiting to incorporate your sections before I write section 7 (Conclusions). The deadline is fast approaching January 31. Can you let me know the status. I'd like to get soemthing from you by next wednesday if possible to give me a few days to put everything together.

Thanks,

Bill
