---

Hi Karen,

The County appreciates the opportunity to comment on the Department's Draft Beach Project Assessments provided on 9/1/2021. I've summarized our responses to the Department's recommendations and requests as detailed below:

North County Comprehensive Shore Protection Project – Segment 2

1. "The Department recommends that the proposed design and permitting costs are included with the construction costs as they are considered construction services."
    a. The County agrees with this approach, provided the total amount of the combined request is unchanged.
2. "The Department also requests additional information on the status of the feasibility study."
    a. The County is working with its consultant, Olsen Associates, to incorporate updates to the Implementation Plan section of the Study. We anticipate finalizing updates to the Plan and Study shortly, with submission to the Department within the next few months.
3. Tier 2, Enhanced longevity, dune addition, innovative technology, and regionalization (5 points); Department: "Proposed project includes dune restoration and is eligible for the award of points. The interlocal agreement between the Town of Jupiter and Palm Beach County is needed for the award of points for regionalization."
    a. The County believes it submitted the above-referenced Interlocal Agreement, and have attached the document to this email for reference (attached as "*Attachment 4 – Interlocal Agreement.pdf*"). The agreement provides Town cost share project-related expenses, exemption from local noise ordinances, and expedited facilitation of local permitting requirements that may affect project-related activities.

In addition to the above comments, I'm also providing a copy of our executed BCC Resolution as attached. Please let me know if you have any questions about the above and attached information. I hope this email finds you well, and want to express the County's sincere appreciation for the Department's ongoing support of critical County shore protection projects.

Best Regards,

Andy Studt

Thank you Andy for submitting the signed Resolution so quickly. Greatly appreciated.

Enjoyed meeting you and your staff at the Sand Transfer Plant last week. Really enjoyed the tour of the facility. Enjoyed the chocolate chip cookies that Tracy made for the tour. They were really good.

Thank you again for taking care of this so quickly.

Thank you,

Good Afternoon Karen,

Please see attached for a copy of the County's executed LGFR Resolution, signed just this past week by our BCC. This should be applicable to each of our projects (NCCSPP Segment 2, SLWI, and Coral Cove) submitted for consideration this cycle. Thank you for the reminder, and it was great seeing you folks in Palm Beach County last week! Let us know if you have any questions about the attached.

Thanks again,

Andy Studt

Hi Reubin,

Just a friendly reminder. The signed Resolution for North County Comprehensive Shore Protection Project Segment 2 is due tomorrow (9/21/2021).

Please let me know if you have any questions and/or comments.

Thank you,
