RE: Maimi-Dade Resource Recovery Facility
Modification to Conditions of Certification
DEP Case Number PA 77-08F
OGC Case Number 24-1914

FINAL ORDER MODIFYING CONDITIONS OF CERTIFICATION

Mr. Kadambala:

On January 9, 1978, the Governor and Cabinet issued a Site Certification to Resource Recovery (Dade County), Inc., (now known as Miami-Dade County Department of Solid Waste Management) for the Dade County Resource Recovery Facility (now known as the Miami-Dade County Resource Recovery Facility or MDCRRF). The Department has modified the Conditions of Certification (Conditions) for MDCRRF by Final Order on five other occasions.

The Department has reviewed Miami-Dade County's petition dated June 13, 2024, for a modification to MDCRRF's Conditions pursuant to Section 403.516(1)(c), Florida Statutes (F.S.), to demolish the power plant and certain associated facilities, and to dispose of demolition debris. No new construction at MDCRRF is requested or authorized by this modification. Groundwater monitoring, stormwater controls, and the ash monofill will continue to be regulated under the Site Certification.

On February 5, 2026, all parties to the certification proceeding were provided notice of the Department's intent to modify the Conditions for MDCRRF. On February 6, 2024, notice of the Department's intent to modify the Conditions for MDC Resource Recovery Facility was also published in the Florida Administrative Register (FAR).

Pursuant to Section 403.516, F.S., and Rule 62-17.211, Florida Administrative Code (F.A.C.), all parties to the certification proceeding have 45 days from the issuance of notice in which to file a written objection to the modification. Pursuant to Section 403.516, F.S., and Rule 62-17.211, F.A.C., any person who is not already a party to the certification proceeding and whose substantial interests will be affected by the requested modification has 30 days from the date of publication of the public notice in the FAR to object in writing. Failure to act within the time frame constitutes a waiver of the right to become a party.

These timeframes have expired and no objections to the modification have been received by the Department. Therefore, the Conditions for Miami-Dade County Resource Recovery Facility are modified as described in the Department's Notice of Intent to Modify the Conditions of Certification dated March 6, 2024. The Notice of Intent can be downloaded from the following site:
https://publicfiles.dep.state.fl.us/Siting/Outgoing/Miami_Dade_RRF/Modifications/ModF/20260205MDCRRFModF_NOI_signed.pdf

The final version of the modified Conditions (including attachments) can be viewed and obtained from the following website:
https://publicfiles.dep.state.fl.us/Siting/Outgoing/Miami_Dade_RRF/Modifications/ModF/Conditions/20260403Final_Conditions_MDCRRF_Mod_F.pdf

Copies of the Conditions and/or attachments may also be obtained by contacting the Department of Environmental Protection, Siting Coordination Office, 2600 Blair Stone Road, M.S. 3500, Tallahassee, Florida 32399-2400, (850) 717-9000.

Any party to the this Order has a right to seek judicial review of it pursuant to Section 120.68, F.S. by filing a Notice of Appeal, pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department of Environmental Protection in the Office of General Counsel, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, and by filing a copy of the Notice of Appeal, accompanied by the applicable filing fees, with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date this Order is filed with the Clerk of the Department of Environmental Protection.

Sincerely,

Cindy Mulkey
Deputy Director
Division of Water Resource Management

FILING AND ACKNOWLEDGMENT
FILED, on this date, pursuant to §120.52 Florida Statutes, with the designated Department Clerk, receipt of which is hereby acknowledged.
