Great news – thanks, Ben. We will definitely include the details of the monitoring in the document. Dan just left for some time off, so it will probably be a few days until we can get his final okay and get this to you.

Good Morning Brett,

Thank you for following-up, I was actually just thinking about this document. That is great news regarding the monitoring. As for the LVI sampling, yes, I have confirmation that DEP would be able to continue that portion of the monitoring.

Just to kind of reiterate, it would be great if the details of the monitoring (monitoring locations, analytes collected, frequency of monitoring, duration of monitoring etc.) could be added into the 4e document.

Thanks again!

Ben

Ben,

We're almost there. I think the Town is okay with taking on the water quality monitoring and looking for partners. The one lingering question is doing the LVIs. Is that something DEP would continue to do, or is that also something the Town and its partners would need to take on?

Thanks, Brett! I appreciate the follow-up and we look forward to receiving an updated document. Thank you for checking on the monitoring component, that will be an integral part to this document.

Thanks,

Ben

Ben,

I don't recall if I responded to you, but thank you for the comments. We are working our way through them and will resubmit once we are done. I need to get clarification from Dan on who is committing to what on the monitoring.

Good Morning Brett/Daniel,

Thanks again to you and the Town of Lake Clarke for taking the time to gather the information pertaining to the Lake Clarke restoration activities and for drafting this 4e document. We have read through the document (and the supporting documentation) and we feel that it's very close to meeting DEP and EPA requirements. We have provided comments in the attached document and in some cases, taken the liberty of editing/updating some language in the document, based on previous feedback from EPA.

Please look through our revisions/comments and don't hesitate to reach out with any questions you may have, or if further clarification is needed.

Thanks again,

Ben

Ben and Moira,

The Draft 4e Plan with attachments zipped up is 61 MB, so I have loaded it to a ShareFile site for you to download. You should have received an email with the site location. If not, please let me know.

Good Morning Brett,

Happy New Year!! I just wanted to take a minute and reach out to “check-in” on the progress of the Lake Clarke 4e document. Hopefully, everything is progressing as discussed, but please don’t hesitate to reach out with any questions you may have or any needed clarification.

Thanks,

Ben

Good Afternoon Brett,

That's great news. Attached, please find a copy of DEP's 4e template document, as well as a few recently accepted 4e documents.

Please don't hesitate to reach out if you have any questions or if you need any additional clarification.

Thanks,
Ben

Ben and Moira,

We have had further discussions with Lake Clarke Shores, and it looks like they are wanting to move forward with a 4e while still leaving the door open for a 4b later. On our last phone call, you mentioned there being a 4e template. Could one of you send me a link to that or provide it as an attachment? It would also be helpful if you could send examples of a couple of recent ones to see if that's possible. I'll keep you posted on where we go with this.
