Brevard	na	2002	Yes and in the process of doing so			
Broward			Yes		time and funding to estimate what is needed	time and staff to determine what is useful in paper files
Calhoun	NA	NA	Yes		time and funding to estimate what is needed	time and staff to determine what is useful in paper files
Charlotte						
Citrus	In process "e-bridge"	In process "e-bridge"	Yes and in the process of doing so			time and staff to determine what is useful in paper files

Question Number	33	33	33	33	33	33	33
County	records into an accessible electronic format? Choose all answers that apply. Staff time and funding are often in short supply, so please include these and others as apply						
	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Alachua	staff time for scanning						
Baker							
Bay	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry		
Bradford	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry		software to access records when electronically available
Brevard		funding for scanning					
Broward	staff time for scanning			staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Calhoun	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Charlotte							
Citrus	staff time for scanning	funding for scanning		staff for data entry	funding for data entry		

Question Number	33	33	33	33	34
County	cable.				Can you provide an estimate of the amount paid?
	training to access software	files already electronically available	not necessary to do, information in paper files no longer valuable	Other (please specify)	1. For data entry of minimal information on each permit
Alachua				have staff assigned to scanning and indexing data. task completed as time is allowed.	most of 2006, some of 2007, some of 2009 - about 1700
Baker		files already electronically available			all permits before 1998 about 2000
Bay					for records from 1995 to inception of Centrax if inception is later than 1995
Bradford	training to access software				all permits before 1996, about 6,500
Brevard		files already electronically available			All permits before 2002
Broward	training to access software				
Calhoun	training to access software				1983-1995, about 2,100
Charlotte				The managed septic program will cover every parcel over the next five years. At that time a complete inventory will be available	
Citrus					All Permits that have not already been entered - approximately 20,000.

Question Number	34	34	34
County	er records you need to be made electronically accessible?		
	2. For data entry of all pertinent information on each permit	3. Scanning of all permits	4. Scanning of all supporting permit document
Alachua	most of 2006, some of 2007, some of 2009 - about 1700	most of 2006, some of 2007, some of 2009 - about 1700	most of 2006, some of 2007, some of 2009 - about 1700
Baker	about 3 pages per file	6000 pages	10,000 pages
Bay	for records from 1995 to inception of Centrax if inception is later than 1995	for records from 1995 to inception of Centrax if later than 1995. Est. 3-4 pages each record	for records from 1995 to inception of Centrax if inception is later than 1995
Bradford	about 6,500 1973 - 1985 have 2 pages and 1985 - 1995 3-4 pages	14,000 pages	500 pages
Brevard	Most have at least 5 pages of information		
Broward			
Calhoun	1983-1995, about 2,100	1983-2007, about 4,600	1983-2007, about 4,600
Charlotte			
Citrus	Approximately 20,000 permits - most have seven pages.	20,000 * 7	20,000 * 7

Question Number	28	29	30	30	30	30	30
County	Do you have paper records?	Have any of your paper records been lost due to fire, hurricanes, changing storage arrangements	Can you provide a description of the contents of the paper records and the years that have that contain each of the following. Duval						
Escambia	N/a	current project	Yes		time and funding to estimate what is needed	time and staff to determine what is useful in paper files
Flagler	NA	NA	Other (please specify)	Yes, provided low cost or outside funding.	time and funding to estimate what is needed	

Question Number	33	33	33	33	33	33	33
County	records into an accessible electronic format? Choose all answers that apply. Staff time and funding are often in short supply, so please include these and others as apply						
	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Clay	staff time for scanning	funding for scanning	equipment for scanning				software to access records when electronically available
Collier	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Columbia							
DeSoto	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Dixie	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Duval							
Escambia	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry	equipment for data storage	software to access records when electronically available
Flagler	staff time for scanning	funding for scanning	equipment for scanning	staff for data entry	funding for data entry		software to access records when electronically available

Question Number	33	33	33	33	34
County	cable.				Can you provide an estimate of the amount paid?
	training to access software	files already electronically available	not necessary to do, information in paper files no longer valuable	Other (please specify)	1. For data entry of minimal information on each permit
Clay	training to access software				na
Collier	training to access software		not necessary to do, information in paper files no longer valuable		all permits before 2007, about 27,000
Columbia					
DeSoto	training to access software				years 1998-1999, 1692 permits
Dixie	training to access software			We use our existing system files regularly. I could not imagine not having them available. They are also useful to the public and often times may make a property valuable or not(river property). Destroying or not using these records is a disservice to the public.	all permits before 1997, approx 9000 permits
Duval					
Escambia	training to access software				pre late 1998, roughly 12,000
Flagler	training to access software				about 1000 need corrections

Question Number	34	34	34
County	er records you need to be made electronically accessible?		
	2. For data entry of all pertinent information on each permit	3. Scanning of all permits	4. Scanning of all supporting permit document
Clay	na	present back to 1973 25,000	present back to 1973 25,000
Collier	all permits before 1998, about 18,000 most have 6 pages	27,000 x 6 pages	ATE and performance based systems about 1000 permits
Columbia			
DeSoto	years 1998-1999, 1692 permits, 4-5 pages	years 1998-2009, 3726 permits, 4-5 pages	3726 permits
Dixie	All permits, about 15000 most have 5 pages or more	Approximately 15000 records	At least 10,000 files would need extensive scanning of site plans
Duval			
Escambia	12000	12,000 x approx 10 pages	N/A
Flagler	about 1000 need this information	approximately 5600 X 5 pages	with a total of four EH staff, several months would be necessary.

Okeechobee							
Orange							
Osceola							
Palm Beach							

Question Number	33	33	33	33	34
County	cable.				Can you provide an estimate of the amount paid for each permit?
	training to access software	files already electronically available	not necessary to do, information in paper files no longer valuable	Other (please specify)	1. For data entry of minimal information on each permit
Marion				We would like to scan site plans so we could avoid going to the warehouse. We have fairly good electronic records of systems from '86 on. Permits earlier than this lack the detail to be of much use and are not worth scanning.	0 (just need to import data somehow into EHD)
Martin					
Miami Dade					N/A
Monroe	training to access software				
Nassau					
Okaloosa					all permits before 1998, approx 10,000
Okeechobee	training to access software			Staff availability	permits we have in paper form should be in rehost
Orange					
Osceola					all permits prior to 2008
Palm Beach					records from 1993 to 1998 (about 12000) have some data but need add'l info to be useful

Question Number	34	34	34
County	er records you need to be made electronically accessible?		
	2. For data entry of all pertinent information on each permit	3. Scanning of all permits	4. Scanning of all supporting permit document
Marion		100,000 site plans (wish they could be uploaded to EHD)	0
Martin	ALL PERMITS BEFORE 1998, 10,000 PLUS		
Miami Dade	N/A	1999 TO PRESENT, 20000	1999 TO PRESENT, 20000
Monroe			
Nassau			
Okaloosa	approx 10,000	25,000 files x 8 pages in each file	I would probably need a full time person sorting, scanning, and indexing for an entire year (best guess)
Okeechobee			
Orange			
Osceola	all data about 5-9 pages each permit	scanning allpermits about 30,000 x 5 pages	all permits from 1986-2008
Palm Beach	24000	36000	commercial systems - 1000

Question Number	33	33	33	33	34
County	cable.				Can you provide an estimate of the amount paid for training to access software?
	training to access software	files already electronically available	not necessary to do, information in paper files no longer valuable	Other (please specify)	1. For data entry of minimal information on each permit
Pasco	training to access software			Information on paper files not always accurate and or useful.	All permits prior to 1998, about 20,500
Pinellas					paper data is unreliable
Polk	training to access software				all permits before 1990, ballpark 40,000
Putnam					
Santa Rosa	training to access software			Not many records older than say 1985 would be of any use.	Permits before 1995, around 25,000.
Sarasota					
Seminole					
St Lucie					none
St. Johns	training to access software				DON'T KNOW
Sumter				would like to scan all paper records in a database (CENTRAX/REHOST) to free up file space	na
Suwannee	training to access software				permits before 2000, about 25000
Taylor					

Question Number	34	34	34
County	er records you need to be made electronically accessible?		
	2. For data entry of all pertinent information on each permit	3. Scanning of all permits	4. Scanning of all supporting permit document
Pasco	About 20,500 x 2 pages	About 20,500 x 3 pages	About 800
Pinellas	paper data is unreliable	paper data is unreliable	We have 7 plat books with approximately 50 pages in each of unreliable data.
Polk	about 40,00 most have 3+ pages of info	40,000 x 3 (permit, site evaluation, final inspection)	20,000+ including advanced system, commercial systems, and ATUs
Putnam			
Santa Rosa	Most have 2-3 pages of information.	25,000 x 3 pages	There would be 4 pages for 10,000 permits.
Sarasota			
Seminole			
St Lucie		in process onto outsourced server	need large format scanner for building plans
St. Johns	DON'T KNOW	DON'T KNOW	DON'T KNOW
Sumter	na	1995-present (6500x4=26000) application, site , permit, final inspection	1995-present (6500x3=19500) site plan, floor plan, legal description
Suwannee	permits before 2000, about 25000	permits before 2000, about 25000	permits before 2000, about 25000
Taylor		All after 1996	All after 1996

Question Number	28	29	30	30	30	30	30

Wakulla					About 10,000
Walton					all permits from 1985 to present, about 20,000 permit packets
Washington	training to access software				all permits before 1998 about, about 7000 permits

Question Number	34	34	34
County	er records you need to be made electronically accessible?		
	2. For data entry of all pertinent information on each permit	3. Scanning of all permits	4. Scanning of all supporting permit document
Union	About 400 X 2 pages	NA	NA
Volusia	about 44,000 permits with 5 pages of info each (application, site eval, permit, site plan, final inspection)	44,000 X 5 pages = 220,000 total pages	very few would require more documentation such as variance applications maybe 15 per year.
Wakulla	About 7,000	Scanning would do nothing for us but provide a count	About 20 minutes per record
Walton	about 20,000 and most have average of 20 pages of information	20,000x20	about 20,000 and most have average of 20 pages of information
Washington	2 -5 pages per permit	2 x 4500	2500 with advanced info
