Click on “public works” and then in the upper right corner of the page there are links to the departments within public works.

Inspection program and call-in number for illicit discharges:

Click on “public works” then stormwater and scroll down to Illicit Discharge Detection and Elimination and click on that for information.

City stormwater staff conducts visual inspection of 34 outfalls and 11 storage ponds within the city in conjunction with dry-weather outfall screening. 173 inspections were conducted in 2010.

City staff is trained to look for signs of illegal dumping, check their assigned areas daily, and know to report anything suspicious as soon as possible.

The general public may call the Stormwater hotline 24 hours a day, 365 day a year for reporting environmental issues.

National River Cleanup Day:

The City of Stuart
