

Banana River Lagoon Stakeholders for the Basin Management Action Plan (BMAP)

STAKEHOLDERS INCLUDED IN THE BANANA RIVER LAGOON BMAP

The Total Maximum Daily Load (TMDL) for the main stem of the Indian River Lagoon includes allocations to the wastewater treatment facilities (WWTFs) and these allocations will be included in the BMAP. The TMDL also lists the municipal separate storm sewer systems (MS4s) and the allocations to the MS4s will be determined through the BMAP process. In addition, there are other urban and agricultural stormwater entities that will receive an allocation through the BMAP process.
