

Central Indian River Lagoon (IRL) Stakeholders by Project Zone for the Basin Management Action Plan (BMAP)

STAKEHOLDERS INCLUDED IN THE CENTRAL IRL BMAP

The Total Maximum Daily Load (TMDL) for the main stem of the IRL includes allocations to the wastewater treatment facilities (WWTFs) and these allocations will be included in the BMAP. The TMDL also lists the municipal separate storm sewer systems (MS4s) and the allocations to the MS4s will be determined through the BMAP process. In addition, there are other urban and agricultural stormwater entities that will receive an allocation through the BMAP process.

Project Zone A
