Lake	111.5	5
Orange	60	2
Seminole	40	1
Grand Total	3906.25	60

These 3906.25 acres are confirmed to be in the basin through mapping of parcel numbers enrolled in BMP programs.

A total of 5,329 additional acres were enrolled in the three counties that did not fall into the basin.

There were a total of 957 enrolled acres in NOIs that were smaller than 20 acres in the three counties. These NOIs were not manually mapped due to issues caused by recent parcel number format changes at the county level. It cannot be determined at this time what amount of the 957 acres falls inside the basin. The average enrolled acreage in this category was less than 4 acres per NOI.
