Hi Moira,

The final EOG reports are attached for both meetings. The action items I have are as follows:

Lake Jesup

1. Moira Homann will post the PowerPoints for this meeting.
2. Moira Homann will provide the Watershed Information Network (WIN) link to the stakeholders.
3. Any STAR 2019 updates for supplemental information from stakeholders are due 1/31/2020.
4. 02/05/2020 is the deadline for stakeholders to update any new monitoring stations to Moira Homann.
5. Stakeholders should send Moira Homann information on any new monitoring stations they may have.
6. Moira Homann will make Shannon Wetzel's planting around the WIRS of the lake available for people to see. She mentioned the consulting firm they used has those designs.
7. Moira Homann will make Group 2 Cycle 4 assessments of the most recent impaired water bodies list available to the stakeholders.
8. Tiffany Busby and Moira Homann will keep continue to keep track of stakeholder projects, funding, and cost of projects being retrieved from updated STAR 2019 information.
9. Moira Homann to email group with information on any limitations to funding when combining EPA funding with DEP or Federal.
10. Moira Homann will post a reminder leading to March/April deadline for Surface Water Grant Considerations.

Lakes Harney and Monroe Middle Basin

1. Moira Homann will post the PowerPoints for this meeting.
2. Moira Homann will provide the Watershed Information Network (WIN) link to the stakeholders and provide support as needed.
3. 02/05/2020 is the deadline for stakeholders to update any new monitoring stations to Moira Homann.
4. Moira Homann will make Group 2 Segment 4 assessments of the most recent impaired water bodies list available to the stakeholders.
5. Tiffany Busby and Moira Homann will keep continue to keep track of stakeholder projects, funding, and cost of projects being retrieved from updated STAR 2019 information.
6. Moira Homann will post a reminder leading to March/April deadline for Surface Water Grant Considerations.

7. Moira Homann will send the shapefiles for the nutrient loading map by land use for the area south of the basin to the group.
