North Florida Habitat Assessment Benchmark Sites - replacement

Aquatic Ecology and Quality Assurance

2019

Area Hydrographs

Above are the gage height data for streams in the area during that time period. If you conduct habitat assessment at these sites at different water levels, be sure to document current conditions.

Graphs courtesy of the US Geological Survey.

Bridge Creek upstream of SR 71

Bridge Creek upstream of SR 71

- **Region:** North
- **County:** Jackson
- **Date Analyzed:** 2/18/2014
- **Directions:** From I-10, exit going north onto SR 71 for approximately 0.5 miles. Turn right (east) onto Malloy Plaza (there's a Cadence Bank on left & a Sonny's BBQ on right) go to 2nd driveway on the left (Beef O'Bradys will be on the right) and park in the back. Go downhill from the parking lot, look for flagging tape marking a path to the creek. This will bring you to approximately the 70m mark.

Bridge Creek upstream of SR 71

- **Accessing the site:** From the Beef O'Brady's parking lot, go downhill (north), look for the flagging tape marking the entrance at approximately the 70m mark.
