Subject: Water Quality.

Hello Ms Sutton,

Hello, my name is Joseph Sarubbi. I am a 30 year resident of Florida.

I love the ocean.

Last year was the first time I became physically ill within 5 minutes of standing on the sand dunes at the ocean park in Jensen Beach, near my home in Stuart. My throat burned and I became dizzy and sick to my stomach.

I realized then what a crisis this has become.

PLEASE help to fix this problem.

All the best.

Sincerely,

Joseph Sarubbi
