**Subject:** Re: bacteriological report for RQ-2018-05-21-15 sample collected 05/21/2018

Good afternoon Katie. Regarding the report for RQ-2018-05-21-15 samples collected 05/21/2018:

The report (C262-05212018A) and the flat file (FF\_2018\_05\_21A.txt) are correct - the samples were analyzed using the Enterolert/Quanti-Tray (QT) method.

My note in the original email about the incubation dates/times should read "Samples analyzed by *Enterolert* (QT) were incubated from 05/21/2018 (14:35) to 05/22/2018 (15:00)."

I mistakenly typed Colilert-18 (QT) in the email. I apologize for the typo. Please let me know if you have any questions.

Thank you, Jeremy

Good afternoon Jeremy,

I wanted to verify that these were analyzed by enterolert not colilert. Sorry I didn't notice sooner!

Thank you; I hope you enjoy your 4ht of July tomorrow! ☺

**Subject:** bacteriological report for RQ-2018-05-21-15 sample collected 05/21/2018

Good afternoon. I've attached the bacteriological report for RQ-2018-05-21-15 sample collected 05/21/2018.

Samples analyzed by SM 9223B (Colilert-18 QT) were incubated from 05/21/2018 (14:35) to 05/22/2018 (15:00).

Thank you,
