

This map displays the St. Marys River (South Prong) watershed, identified as WBID 2247. The map shows a network of water bodies including the main river, its branches (Ruddy Branch, Daugherty Branch, Oak Branch, Turkey Creek, New River, Water Oak Creek, Alligator Creek, Olustee Creek, Swift Creek, Fivemile Creek, and Richard Creek), and various creeks (Calkins Creek, Cedar Creek). Land parcels are outlined in red and labeled with numbers (e.g., 2211, 2230, 2229, 2236, 2241, 2230, 2229, 2236, 2097I, 2097H, 2267, 2258, 2279, 2300, 2303, 2288, 2247A, 2268, 2274, 2292, 2276, 2264, 2314, 2331, 2337, 2348, 2360, 2371, 2373, 2383, 2393, 3504, 2392, 2392A, 3504, 2392A, 3541, 3530, 3548, 3555, 3566A, 3566, 3546, 3552, 3559, 3506, 3583, 3584, 3579, 3567, 3571, 3576, 3585, 3586, 3578). Roads are shown as yellow lines, with major roads like Interstate 10 and US Highway 8 highlighted. A large area in the center is shaded pink, indicating a specific land use or ownership. The map also shows various landmarks and features, including the Big Gum Swamp and the Impassable Bar.
