Good afternoon. I've attached the microbiology report for **RQ-2021-12-06-46** samples collected 12/06/2021. I sent this earlier today, but the email heading had the incorrect RQ listed. It had RQ-2021-11-15-38 in the email header, which was copy/pasted from another email I sent a few minutes prior for a different report. I'm resending it again, just to have the correct RQ listed in the email header. This is *not* a revised report. Nothing has changed in the report files from the ones I sent earlier.

The sample analyzed for Enterococcus by **Enterolert (QT)** was incubated from 12/06/2021 (14:10) to 12/07/2021 (14:40).

Samples analyzed for *E. coli* by **SM 9223B (Colilert-18 QT)** were incubated from 12/06/2021 (14:20) to 12/07/2021 (10:21).

Thank you,
