All tests are performed in accordance with NELAC standards.

Qualifier codes: (U) = not detected; (B) = results based on colony counts outside the acceptable range; (Z) = TNTC at highest dilution performed; (Q) = sample holding time exceeded.

For enforcement samples, EPA recommends a maximum of 6 hours time lapse from sample collection to analysis of samples in the lab. Samples must be scheduled with the lab in advance to arrive by 2:00 PM to allow sufficient time for analysis.

For Lab Use Only
