Laboratory Sample Acceptability:
pH < 2.0 BEAS Temperature:

1. The client is responsible for documentation of the sampling & analysis.
2. All bottles used for preservation of the sample must be labeled with the sample ID, date and time of collection, sampler's name or initials, and any field number etc.
3. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.
4. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.
5. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.

Sample Type: is used to indicate whether the sample is being dispatched to drinking water (DW), ground water (GW), surface water (SW), fresh surface water (FSW), salt surface water (SSW), soil sediment (SDM), or sludge (SLD).
Sample Matrix: is used to indicate whether the container is plastic (P) or glass (G).
Container Type: is used to indicate whether the container is plastic (P) or glass (G).
Sample must be refrigerated or stored in wet ice after collection. The minimum temperature during storage should be 0°C (32°F). Under "Preservative" list any preservatives that were added to the sample container.

Substrate:
1. The following information should be added to each bottle label after collection with permanent black ink: date and time of collection, sampler's name or initials, and any field number etc.

2. All bottles used for preservation of the sample must be labeled with the sample ID, date and time of collection, sampler's name or initials, and any field number etc.

3. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.

4. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.

5. The client is responsible for the sample ID, date and time of collection, sampler's name or initials, and any field number etc.
