

Welcome to the Florida Water Resources Monitoring Council

**February 12–13, 2013
Tallahassee, Florida**

Thanks to our Members, Alternates and Attendees

► Accomplishments

- Catalog of Monitoring Programs initiation soon
 - SalNet making headway on the water level Index. Addressing complex and critical technical details
 - Continuing communication with WIN – STORET replacement
 - Continued exchange about monitoring efforts by other agencies, and in other arenas – fed, state, regional, local and volunteer groups – evaluate overlap and sharing opportunities
 - Initiating Regional and Coastal Monitoring workgroups
- 

The year ahead.....

- ▶ Travel to 3 other regions of the state to facilitate participation by local interests
 - Catalog well underway and beta testing
 - Coastal Workgroup underway
 - Regional Councils underway
