

Florida Water Resources Monitoring Council **Florida Salinity Network Meeting (Webinar)**

MEETING DATE/TIME: Wednesday, May 2, 2012: 1:00 PM – 3:00 PM
LOCATION: Teleconference: 888-808-6959, access code: 2458512

Webinar Registration Link: <https://www2.gotomeeting.com/register/228082802>

Meeting Agenda

- I. Introduction: **(Rick Copeland (RC), FDEP)**
- II. SalNet Workgroup decision making process **(RC)**
- III. Post February 2012 meeting Questionnaire Responses **(RC)**

Questions included in Questionnaire **(RC)**

- 1. Do you see a valuing in using the percentile ranks as a groundwater level index?
- 2. Should we establish a standardized POR for statewide evaluations using the index?
- 3. Do you believe that the percentile rank index will become easily recognized by the public?
- 4. Do you believe that policy makers will use the index if the Council recommends its use?
- 5a. Do you believe that the GW level index could or should be used at a variety of scales?
- 5b. If used at varying scales, what obstacles, if any, do you perceive?
- 6. If enough wells with sufficient data exist, do you believe that the index could be used for an entire aquifer system, an aquifer within an aquifer system, portions of an aquifer, or other hydrostratigraphic units?

Questions not in Questionnaire **(RC)**

Which term is preferred: Intrusion, Encroachment, or other term?

Should SalNet representatives give possible remedies for saltwater encroachment issues?

Should we add trend analysis as an objective for wells with a period of record (POR) greater than five years?

IV. Other issues **(RC)**

Pros and cons of using volunteer monitoring data **(RC)**

Action Items (RC)

Position of chair of SalNet

Should SalNet Workgroup address non-salinity issues?

Should the Workgroup use percentile ranks as a groundwater level index?

If adopted, should the groundwater level index have a standardized POR for any regional evaluation using the index? If so, what should the POR be? Should a statewide pilot study be conducted using the index?

Data transfer **(Jay Silvanima (JS), FDEP)**

V. SalNet Framework Document Status **(RC)**

VI. Near Future Action Items, Next Meeting, and Adjournment **(RC)**
