Form Title: Storage Tank Equipment

Registration Form

Effective Date: July 2019

Incorporated in Rule 62-761.850, F.A.C.

Storage Tank System Equipment Registration Form

Fill out completely

General Information

Company Name: Franklin Fueling Systems Contact Name: Brad Fawcett
Company Address: 3760 Marsh Road City, State: Madison, WI Zip: 53718
E-mail: bradley.fawcett@franklinfueling.com Contact Number: 608-838-5650
Product Name: UPP Extra Piping System
Model Number(s): UPP Product Type: Piping Sytsem
Rule(s) citation that registration is being requested within Chapter 62-761 (UST), and/or 62-762 (AST),
62-761.600, 62.7612.601 F.A.C.

F.A.C.: Write a brief description of equipment registration request including product limitations:

Primary and secondary piping system with enclosed secondary containment. The piping system also includes fittings and test ports that are integrated with the piping through electrofusion.

Information Checklist (Choose Yes, No, or N/A - Not Applicable):

	Yes	No	N/A
1. Third-party Certification by a Nationally Recognized Testing Laboratory? (Required)	☒	☐	☐
2. Documentation of third-party evaluation that the equipment meets DEP Rules?	☒	☐	☐
3. Documents included about the qualifications of the Nationally Recognized Testing Laboratory?	☒	☐	☐
4. Technical information and drawings included?	☒	☐	☐
5. Installation instructions included?	☒	☐	☐
6. Annual Operability Testing Requirements (Rules 62-761.500, 62-762.501, & 62-762.502 F.A.C.)?	☒	☐	☐
7. Integrity Testing Requirements (Rules 62-761.700, 62-762.701, & 62-762.702, F.A.C.)?	☒	☐	☐
8. Compatible with fuel blends containing >10% ethanol or >20% biodiesel?	☒	☐	☐
9. Has the product been approved or registered in other countries or states? (If so provide list)	☒	☐	☐
10. Any requirements for company-certified installers or trainers?	☒	☐	☐
11. Was this product(s) previously approved or registered by the Department? If yes, EQ- <u>666</u>	☒	☐	☐
12. Any changes or modifications to the equipment since the last submittal to DEP?	☐	☒	☐

Document Information: Provide supporting documents indicated as "Yes" above including this form via email to Tanknotify@floridadep.gov, or documents can be sent to FDEP, Division of Waste Management, 2600 Blair Stone Road, MS 4560, Tallahassee, FL 32399.

Write a brief description of equipment installation and performance in the U.S.:

Franklin Fueling Systems requires that any contractor installing UPP Systems to undergo classroom and on-site practical training. After successful completion installers must follow manufacturer instructions. In operation the piping system transports fuel from storage tanks to dispensers.

Equipment Registration Certification:

To the best of my knowledge and belief, all information submitted on this form is true, accurate and complete.

PetroTechnik Joins with Franklin Fueling Systems

09/07/2010

◀ Share

Franklin Fueling Systems, one of the world's leading manufacturers and suppliers of petroleum equipment, announced today that it has completed the acquisition of all of the outstanding shares of PetroTechnik Limited ("PetroTechnik") for cash. PetroTechnik is the supplier of Universal Petro Pipe (UPP) and polyethylene containment, piping and tightness testing systems for the underground storage and transfer of flammable liquids. PetroTechnik also manufactures and distributes Cookson and Zinn (CZ) above and below ground storage tanks and pressure vessels. PetroTechnik's consolidated annual sales are approximately 25 million pounds sterling. Don Kenney, President of Franklin Fueling Systems, stated, "The acquisition of PetroTechnik and its subsidiaries in the UK, France, Brazil, India and China, doubles Franklin Fueling's global pipe and containment sales, doubles our revenue in Europe and increases our overall non-U.S. sales by fifty percent. "Franklin Fueling Systems is now able to supply customers globally with both the UPP brand electrofusion pipe certified to European (EN) standards, as well as the market leading APT brand flexible pipe certified to U.S. (UL) standards. Electrofusion pipe is the preferred technology outside the U.S., and PetroTechnik's existing distribution network reaches over 100 countries including many in emerging markets around the world. Franklin gains a proven team of industry leading sales, marketing and technical personnel recognized as the global leaders in electrofusion piping products, with an estimated ten million meters of pipe installed in over 30,000 sites across more than 150 countries. "PetroTechnik, founded in the early 1990s, has built its reputation on the same principles as Franklin: quality, availability, service and innovation, as well as a strong sense of responsibility to provide the highest value to its customers. PetroTechnik's worldwide customer base is supported by sales representatives and employees located around the world." Kenney concluded, "We are pleased that PetroTechnik has the confidence in Franklin to continue its shared vision of commitment to its customers. John Boudry, Chief Executive Officer of PetroTechnik, will provide consulting services throughout the integration." Mr. Boudry added, "This union is a wonderful step forward for the entire industry as a whole. I think it speaks to the globalization of the industry when two companies from different regions of the world come together in order to provide their customers with as broad a product offering as possible. Both customer bases will greatly benefit from this acquisition, which will also provide vast growth potential for two industry leading lines of pipe."

RE: DEP Approval of the UPP Extra Series piping system, UL
File Number MH 25274, File No. EQ-666

Dear Mr. Owens:

The Bureau of Petroleum Storage Systems has concluded its review of the Equipment Approval requests dated February 27 and March 6, 2007, that were submitted for the above referenced equipment pursuant to Rule 62-761.850, Florida Administrative Code (F.A.C.).

Based on the information provided by PetroTechnik, Inc., the Department finds that UPP Extra Series piping system, UL File Number MH 25274 will provide environmental protection substantially equivalent to that provided by compliance with the requirements established in Rules 62-761.500(8)(b)1, and 62-761.500(8)(e), F.A.C.

Pursuant to Rule 62-761.850, F.A.C., the request for the use of the above referenced product is approved for use in the State of Florida as small diameter piping with secondary containment that is in contact with the soil.

Please be advised that the above referenced Department rules are subject to change. If the above rule standards are modified in the future, this order may be modified or rescinded for future upgrades and installations. Additionally, if it is later determined that the above referenced product(s) do not meet the appropriate performance standards or show a consistent pattern of failure(s), and therefore does not provide substantially equivalent environmental protection, the Department may rescind this order.

The Department's Order shall become final unless a timely petition for an administrative hearing is filed under sections 120.569 and 120.57, Florida Statutes ("F.S."), within 21 days of

receipt of this Order. Persons who have filed such a petition may seek to mediate the dispute, and choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for petitioning for a hearing and pursuing mediation are set forth below.

Persons affected by this Order have the following options.

A. If you choose to accept the above decision by the Department about the equipment approval, you do not have to do anything. This Order is final and effective as of the date on the top of the first page of this Order.

B. If you choose to challenge the decision, you may do one of the following:

1. File a petition for administrative hearing with the Department's Agency Clerk in the Office of General Counsel within 21 days of receipt of this Order; or
2. File a request for an extension of time to file a petition for hearing with the Department's Office of General Counsel within 21 days of receipt of this Order; such a request should be made if you wish to meet with the Department in an attempt to resolve any disputes without first filing a petition for hearing or negotiate an agreement to mediate.
3. In addition to requesting an administrative hearing, any petitioner may elect to pursue mediation under section 120.573, F.S., and must negotiate an agreement to mediate within 10 days after the deadline for filing a petition.

How to Request an Extension of Time to File a Petition for Hearing

For good cause shown, pursuant to Rule 62-110.106(4), Florida Administrative Code ("F.A.C."), the Department may grant a request for an extension of time to file a petition for hearing. Such a request must be filed (received) by the Agency Clerk in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida, 32399-3000, within 21 days of receipt of this Order. Petitioner, if different from the applicant, shall mail a copy of the request to the applicant at the time of filing. Timely filing a request for an extension of time tolls the time period within which a petition for administrative hearing must be made.

How to File a Petition for Administrative Hearing

A person whose substantial interests are affected by this Order may petition for an administrative proceeding (hearing)

under sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida, 32399-3000, within 21 days of receipt of this Order. Petitioner, if different from the applicant, shall mail a copy of the petition to the applicant, at the time of filing. Failure to file a petition within this time period shall waive the right of anyone who may request an administrative hearing under sections 120.569 and 120.57, F.S.

Pursuant to subsection 120.569(2), F.S. and Rule 28-106.201, F.A.C., a petition for administrative hearing shall contain the following information.

- a) The name, address, and telephone number of each petitioner, the name, address, and telephone number of the petitioner's representative, if any, the name, address of the applicant if different from petitioner;
- b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- c) An explanation of how each petitioner's substantial interests are or will be affected by the Department's action or proposed action;
- d) A statement of the disputed issues of material fact, or a statement that there are no disputed facts;
- e) A concise statement of the ultimate facts alleged, including a statement of the specific facts the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- f) A statement of the specific rules or statutes the petitioner contends requires reversal or modification of the Department's action or proposed action; and
- g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the Department to take with respect to the Department's action or proposed action.

How to Pursue Mediation

In addition to requesting an administrative hearing, any petitioner may elect to pursue mediation. The election may be accomplished by filing with the Department a mediation agreement with all parties to the proceeding (i.e., the applicant, the Department, and any person who has filed a timely and sufficient petition for hearing). The agreement must contain all the information required by rule 28-106.404, F.A.C. The agreement, signed by all parties, must be received by the Agency Clerk in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida, 32399-3000 within 10 days after the deadline for filing a petition, as set forth above. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement.

Pursuant to Rule 28-106.404, F.A.C., an agreement to mediate must include the following:

- (i) The name, address, and telephone number of the persons who may attend the mediation (also the DEP file number, and the name and address of the applicant);
- (ii) The name, address, and telephone number of the mediator agreed to by the parties;
- (iii) How the costs and fees associated with the mediation will be allocated (the Bureau of Petroleum Storage Systems will not pay any of the costs of mediation);
- (iv) The agreement of the parties regarding the confidentiality of discussions and documents introduced during mediation to the extent authorized by law;
- (v) The date, time, and place of the first mediation session;
- (vi) The name of the party's representative who shall have authority to settle or recommend settlement; and
- (vii) The signature of the parties.

As provided in section 120.573, F.S., the timely agreement of all parties to mediate will toll the time limitations imposed by sections 120.569 and 120.57, F.S., for holding an administrative hearing and issuing a final order. Unless otherwise agreed by the parties, the mediation must be concluded within sixty days of the execution of the agreement. If mediation results in settlement of the administrative dispute, the Department must enter a final order incorporating the agreement of the parties. Persons seeking to protect their substantial interests that would be affected by such a modified final decision must file their petitions within 21 days of receipt of this notice, or they shall be deemed to have waived their right to a proceeding under sections 120.569 and 120.57, F.S. If mediation terminates without settlement of the dispute, the Department shall notify all parties in writing that the administrative hearing processes under sections 120.569 and 120.57, F.S., are resumed.

This Order is final and effective as of the date on the top of the first page of this Order. Timely filing a petition for administrative hearing postpones the date this Order takes effect until the Department issues either a final order pursuant to an administrative hearing or mediation settlement.

Judicial Review

Any party to this Order has the right to seek judicial review of it under section 120.68, F.S., by filing a notice of appeal under rule 9.110 of the Florida Rules of Appellate Procedure with the Agency Clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within thirty days after this order is filed with the clerk of the Department (see below).

Questions

Any questions regarding the Department's review of your equipment approval should be directed to Farid Moghadam at (850)245-8848. Questions regarding legal issues should be referred to the Department's Office of General Counsel at (850)245-2242. Contact with any of the above does not constitute a petition for administrative hearing (or time extension) or agreement to mediate.

Sincerely,

Michael E. Ashley, Chief
Bureau of Petroleum Storage Systems

MEA/fm
