Dear Mr. Wise:

Our records indicate that you were issued a letter for SR 100E Collection Site located at 1373 SR 100, Starke in Bradford County, which advised you that your registration is valid until May 1, 2010. This letter is to inform you that the expiration date for your yard trash processing facility is being extended to **August 1, 2010** due to recent amendments to Chapter 62-709, Florida Administrative Code (F.A.C.).

The provisions for yard trash processing facilities are specified in Rules 62-709.320 and 62-709.330, F.A.C. An updated summary of the operating requirement and excerpts from Chapters 62-701 and 62-709, F.A.C., pertaining to source-separated organic recycling facilities (includes yard trash processing facilities) are enclosed for your convenience. You may view Chapters 62-701 and 62-709, F.A.C., in their entirety as well as the associated forms from our website at http://www.dep.state.fl.us/waste/quick_topics/rules/default.htm. Please note that the registration renewal and annual report are now on a single form and have a specified submittal date of July 1, 2010.

Further, your facility was assigned a facility identification number of 225-04-YT. We will be phasing out that identification number system and using only the facility identification number in the Water Assurance Compliance System (WACS). The WACS identification number for this facility is 00095271. We are also in the process of transferring information currently in the registration database into the WACS database. However, you are cautioned that the information in the WACS database at this time is extremely limited and misleading until the information transfer has been completed.
