**40 CFR 271**

**Florida; Schedule of Compliance for Modification of Hazardous Waste Program**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Florida Compliance Schedule to Adopt Program Modifications.

**SUMMARY:** On September 22, 1986, EPA promulgated amendments to the deadlines for State program modifications, and published requirements for States to be placed on a compliance schedule to adopt the necessary program modifications. EPA is today publishing a compliance schedule for Florida to modify its program in accordance with § 271.21(g) to adopt the Federal program modifications.

**FOR FURTHER INFORMATION CONTACT:** Otis Johnson, Jr., Chief, Waste Planning Section, RCRA Branch, Waste Management Division, U.S. Environmental Protection Agency, 345 Courtland Street, NE, Atlanta, Georgia 30365, (404) 347-3016.

**SUPPLEMENTARY INFORMATION:**

**A. Background**

Final authorization to implement the Federal hazardous waste program within the State is granted by EPA if the Agency finds that the State program (1) is "equivalent" to the Federal program, (2) is "consistent" with the Federal program and other State programs, and (3) provides for adequate enforcement (Section 3006(b), 42 U.S.C. 6226(b)). EPA regulations for final authorization appear at 40 CFR 271.1 through 271.24. In order to retain authorization, a State must revise its program to adopt new Federal requirements by the cluster deadlines and procedures as specified in 40 CFR 271.21. See 51 FR 33712, September 22, 1986 for a complete discussion of these procedures and deadlines.

**B. Florida**

Florida initially received final

authorization of its hazardous waste program on February 12, 1985 (50 FR 3908, January 29, 1985). Florida submitted a final program revision application for non-HSWA requirements promulgated through June 30, 1985 (non-HSWA Cluster I).

Florida received final authorization for these revisions on March 1, 1988 (53 FR 127, January 5, 1988). Florida was placed on a schedule of compliance to obtain program modifications for Section 3006(f), Availability of Information (AOI) of the HSWA (52 FR 26013, July 10, 1987). Florida submitted a final revision application for non-HSWA requirements promulgated through June 30, 1986 (non-HSWA Cluster II). Florida received final authorization for non-HSWA II and AOI on January 2, 1989 (53 FR 50529, December 16, 1988). Today EPA is publishing a compliance schedule for Florida to obtain program modifications for authority to regulate Radioactive Mixed Waste as per 51 FR 24504, July 3, 1986.

The State has agreed to obtain the needed program revisions according to the following schedule or earlier if practicable:
