

Forty Mile Bend - Sheet 22 of 26

Florida Geological Survey - Map Series 6
Regional Oil & Gas Well Location Maps

Key to Features

- | Oil/Gas Well Status | | County Lines | |
|--|--|---|--|
|  Dry Hole |  Never Drilled |  County Lines | |
|  Producer |  Junked Hole |  Interstates | |
|  Salt Water Disposal |  Surface Location |  US Highways | |
|  Water Injection Well |  Surface Hole |  State/County Roads | |
| | |  Township/Range Line | |
| | |  Section Lines | |
| | |  Well Trace | |

Notes:

- 14 refer to the well numbering system. Well numbers may also be preceded with B, PP, W and WGI. Well locations reflect original not necessarily current locations.
- This map was created using FDEP databases, data obtained from the Florida Geological Survey (FGS) and scanned US Geological Survey 1:250,000 scale flight images. It was produced January, 2002 by the Florida Department of Environmental Protection, Division of Resource Management, FGS GIS Sub-Section. This document was prepared for the presentation of the geologic (or hydrogeologic, etc...) information shown and is not intended to replace site-specific or use-specific investigations. The information shown on this document to be free from errors or inaccuracies and disclaims any responsibility or liability for inappropriate change of scale or interpretations or decisions based thereon.
