SJRWMD	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected, Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected											Not all analytes are collected at all stations
Ocean Research and Conservation Association, Inc. (ORCA)	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected		Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected									Data collected in real time from deployed systems. Measurements verified monthly with like sonde and grab samples for above listed at each location.
DEP Florida Coastal Office	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected				Analyte Collected												FCO has approximately 30 sondes deployed statewide.
Rookery Bay NERR	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Grab Sample	Grab Sample	Grab Sample	Analyte Collected				Grab Sample			Grab Sample			Grab Sample		
ANERR	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Grab Sample	Grab Sample	Grab Sample	Analyte Collected,Grab Sample					Grab Sample	Grab Sample				Grab Sample		
FDEP/Florida Coastal Office	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected																	We do not currently have any continuous monitoring dataloggers, although we should be acquiring YSI 6600s from ANERR in the near future.
DEP Charlotte Harbor AP	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Analyte Collected	Grab Sample	Grab Sample	Grab Sample	Analyte Collected											Grab Sample	grab samples taken 0.5m off the bottom where the other field parameters are measured
South Florida Water Management District	Parameter monitored (monitored at 3 sites with one site having 2 stations)	Parameter monitored (monitored at all sites)	Parameter monitored (monitored at all sites)	Parameter monitored (monitored at 2 sites)						Parameter monitored (monitored at 11 sites with 2 to 4 stations per site)												The District use sondes to assess physicochemical parameters. (i.e., depth, DO, pH, specific conductance and temperature). No grab samples for these parameters are collected.
South West Florida Water Management District	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample	Grab Sample	Analyte Collected,Grab Sample	Analyte Collected,Grab Sample					Grab Sample			Grab Sample	Grab Sample
