

Watershed Information Network (WIN)

WIN Implementation Status

FWRMC Meeting, USGS, Gainesville

Denise Miller,
DEP, DEAR, Watershed Services Program
August, 24, 2018

Watershed Information Network (WIN)

WIN Implementation Status

- WIN has been open for a year
- 73 data provider organizations are registered in WIN
- 68 of those organizations have uploaded Project and/or Monitoring Location data
- 50 of those organizations have uploaded Activity and Result data
- There are ~1,560,000 records in WIN to date

WIN Implementation

Actively working with “old” and new data providers

- Continuing work with known data providers
- Identifying new data providers
- Identifying known obstacles for some data providers towards dialogue on resolution

WIN Implementation

Continuing work with known data providers

- One-on-one outreach, training/consulting
- Transition plan targets for FY18/19 to successfully get data providers to Activity and Results uploads

WIN Implementation

Identifying new data providers

- External requests
- Internal requests from DEP Programs
- Water-CAT as a source
- FWRMC information?

WIN Implementation

Identifying obstacles for some data providers towards dialogue on resolution

- WIN section outreach
- FWRMC information?

WIN Training

- One-on-one with data providers
 - Contact your WIN Coordinator
 - Register your organization in WIN
 - Follow WIN MDQS data requirements to upload the following to WIN:
 - Project data
 - Monitoring Locations (including Visual Verification)
 - Activity and Results data (e.g., water chemistry data)
- WIN use/overview for data consumers
 - Menus and functions
 - Reporting (e.g., WAVES)
 - Can be via web or centrally located meeting

WIN Application & Standards

- WIN application:
<http://prodenv.dep.state.fl.us/DearWin>
- WIN Minimum Data Quality Standards (MDQS):
<http://publicfiles.dep.state.fl.us/DEAR/WIN>
