

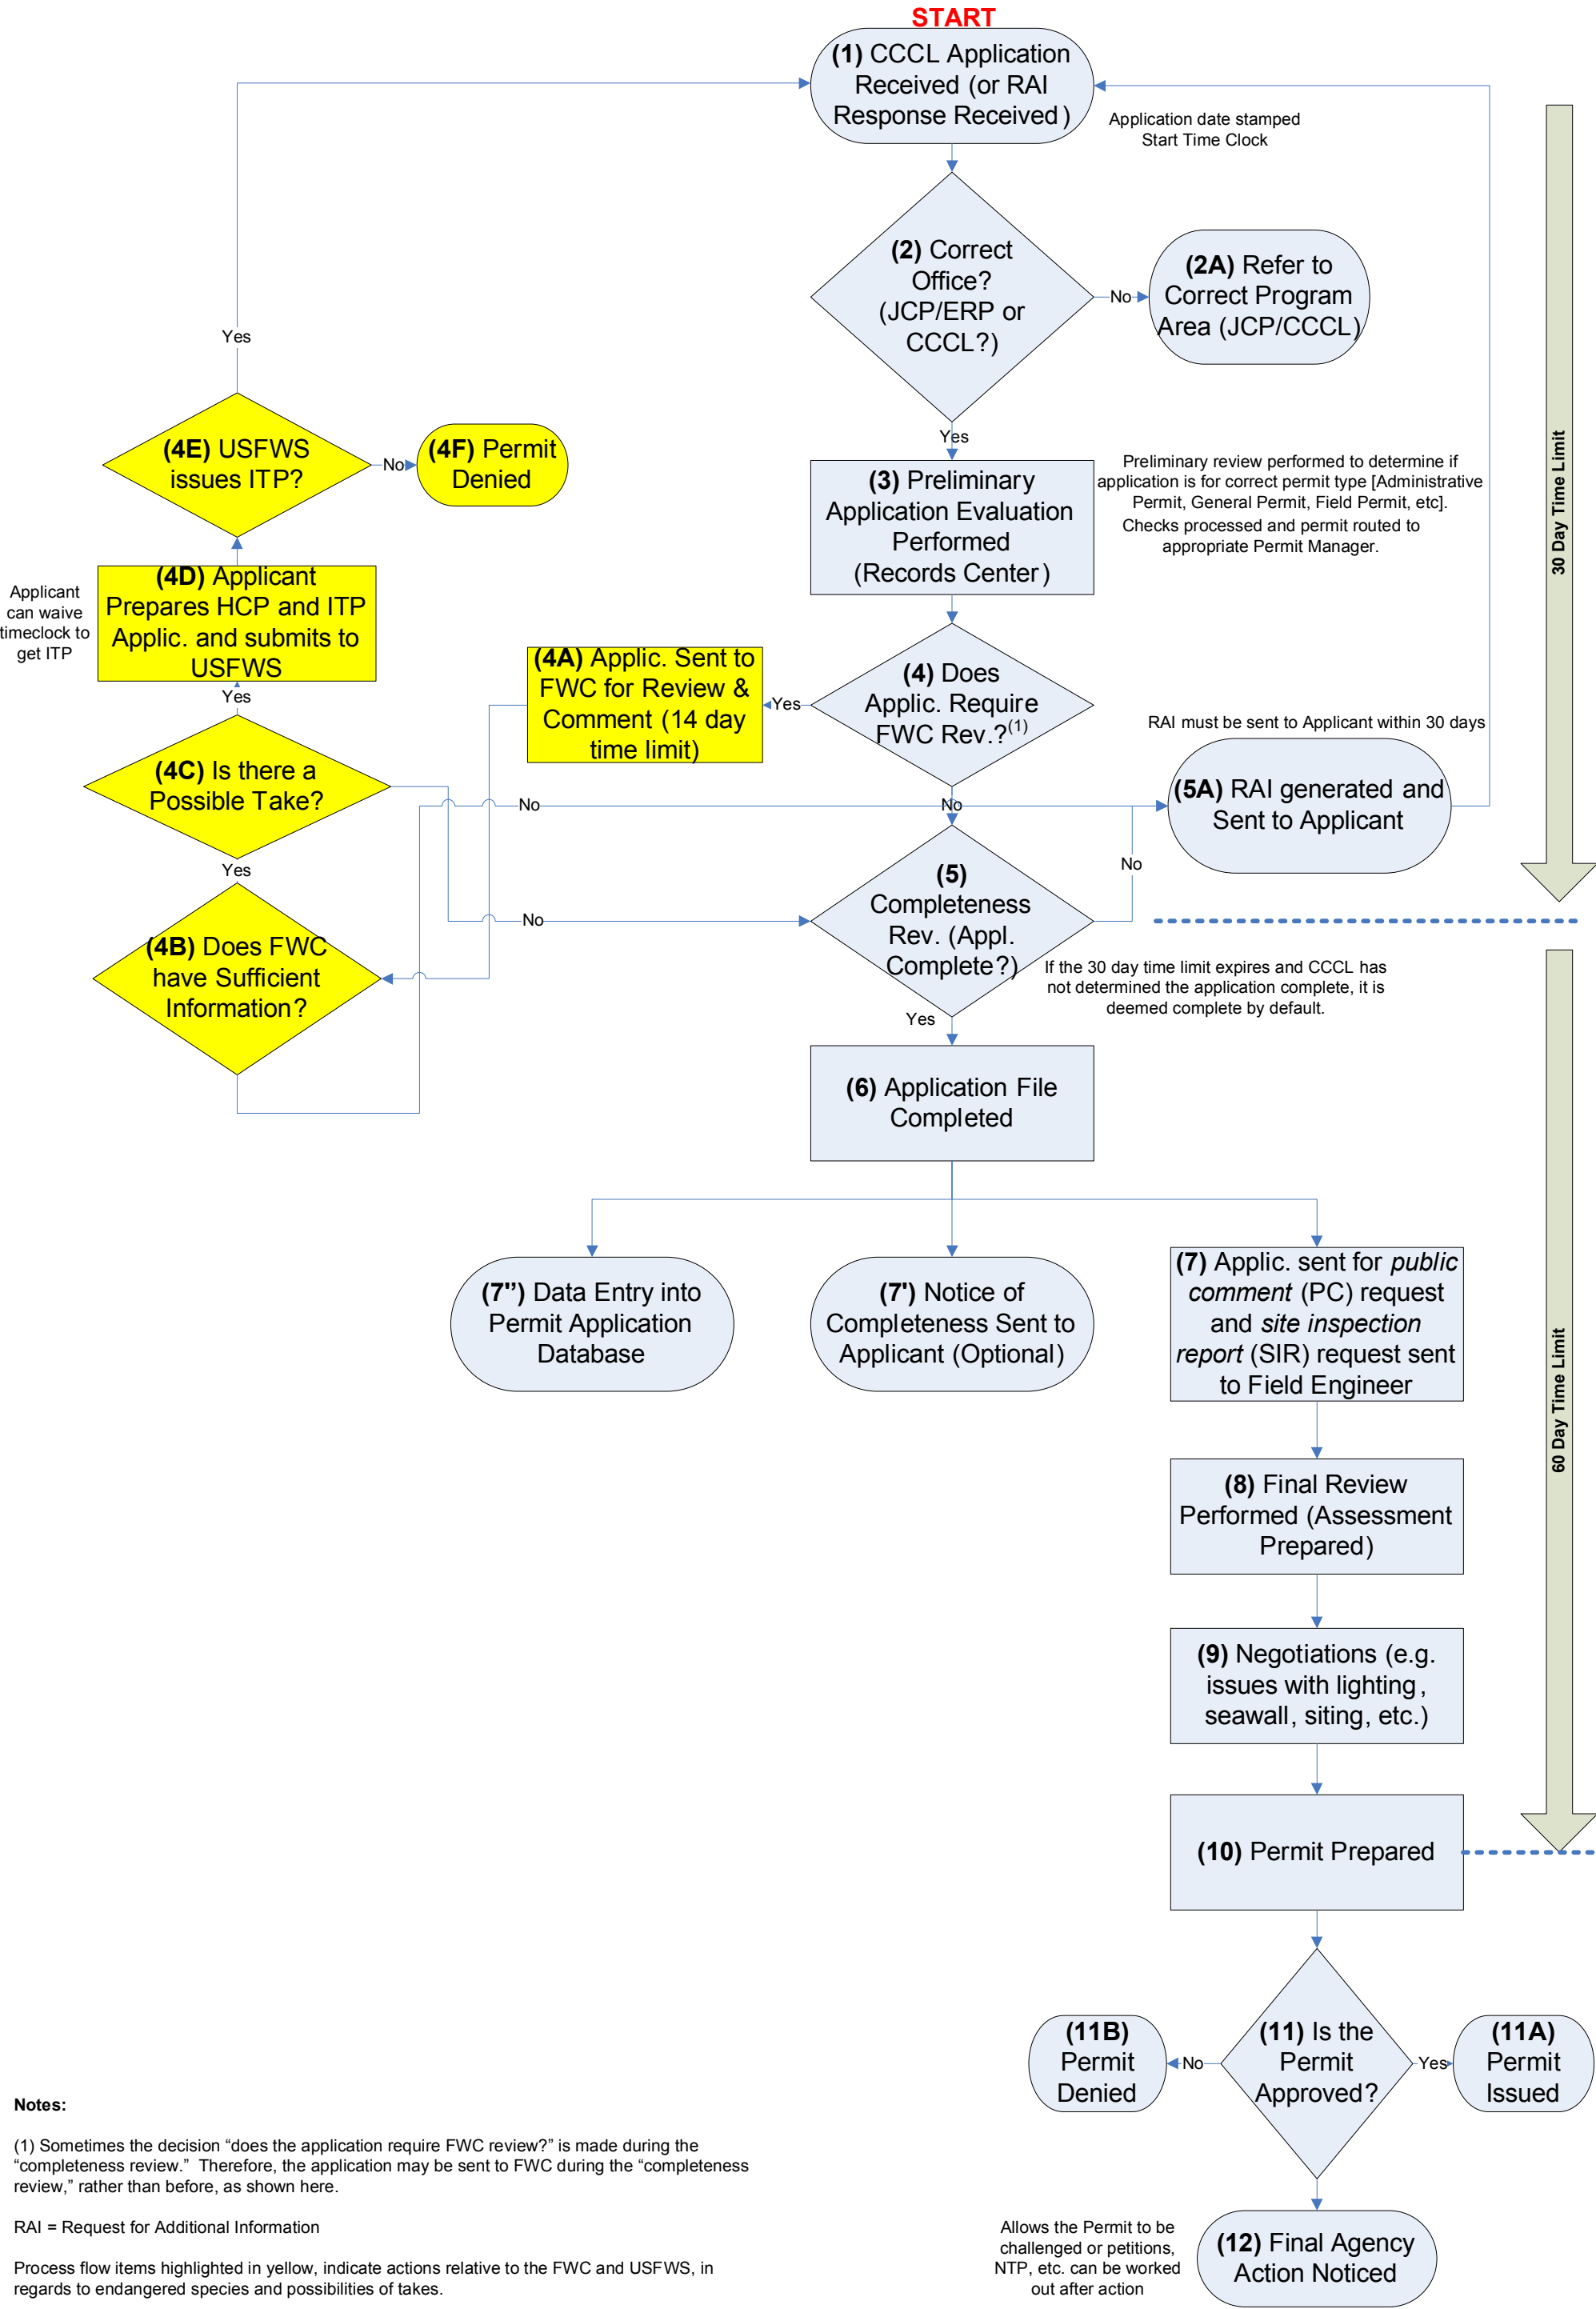

FIGURE 1 - CCCL Process Flow chart (with respect to Endangered Species)

Notes:

(1) Sometimes the decision "does the application require FWC review?" is made during the "completeness review." Therefore, the application may be sent to FWC during the "completeness review," rather than before, as shown here.

RAI = Request for Additional Information

Process flow items highlighted in yellow, indicate actions relative to the FWC and USFWS, in regards to endangered species and possibilities of takes.
