RE: Highlands County-DW
Sebring WWTF, City of FLA014311
City of Sebring Airport WWTP FLA014309
Western Blvd WWTP FLA014328
Villages of Highlands Ridge WWTP FLA014339
Residuals Annual Summary

Dear Mr. Kleinmann:

This letter is in response to the Departments inquiry concerning the submittal of Residual Annual Summary reports for the above referenced City of Sebring treatment facilities.

The Residual Annual Summary for the City of Sebring WWTF (FLA014311) had been submitted and that report contained the quantities of bio-solids generated by Western Blvd WWTP (FLA014328) and the Villages of Highlands Ridge (FLA014339). There was no disposal of bio-solids from the City of Sebring Airport WWTP (FLA014309) in 2010. Also contained in the RAS report were the quantities generated at Brunner's Mobile Home Estates (FLA014369) and Thunderbird Hills STP (FLA014337), both which have since been de-commissioned and demolished. Bio-solids from all of these treatment facilities were transported to the City of Sebring WWTP and pumped into the headworks via the facility lift station. A copy of the Residual Annual Summary for FLA014311 is attached showing the land application history for each of the other facilities.

If you should have any further questions concerning this matter, call me at (863) 471-5114 or via e-mail: danstroup@mysebring.com

Sincerely,

Dan Stroup
WWTP Supervisor
